Above, around the picture of our second school building are some of the first citizens of this town and the year they came to Calhoun City. To not only these, but to all of the older citizens of our town and to the hard-working faculty of this, our C. C. H. S., the staff of the "Wildcat '56," dedicate this Golden Anniversary Edition. With the wonderful help of people who wanted their children to be educated, this school was begun and preserved. We want to pay our tribute to these citizens and teachers by bringing back, we hope, many memories of a childhood - and days gone by.

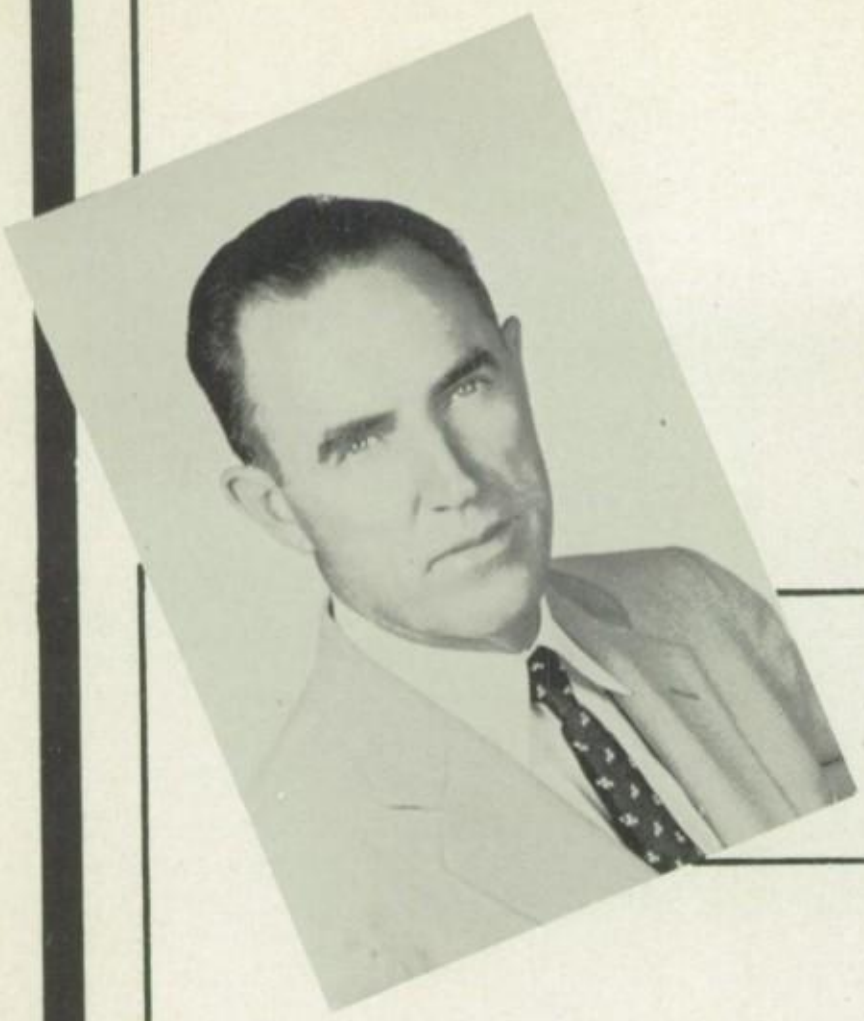
1906 - In September, Miss Eurania Hardin (Webb) and Mrs. Lillie Mitchell (Pryor) came from Pittsboro to start a school in Calhoun City. A building was started and was to be a large school with two rooms and a hall through the middle. The project ran out of funds after the first room had been put up so the building stopped and was left as it was. Folks sent their children from miles around from three years and up. As the average enrollment was over 40, at Christmas the two ladies took on Miss Tellie Ruth (Powell) to help them. Each teacher took a corner, and her mob, and started to pound in the "larning."

1907 - The old shack was torn down, and a second building (pictured above) was built. A big celebration was held when the school was finished.

1922 - The building was now so old it had to be propped up, and there was opposition to letting the children go to school in it. A parade was held in which there was a little boy carrying a sign: "If the school fell on me, who'd care!" One night the building, to the surprise of everyone, mysteriously burned. While our present Grammar School was being built, the classes met in the Baptist Church, located where the post office is now; the old Methodist Church, where the present one is; and an old silent movie theater where Hawkins Motor Company now is.

1948 - Our modern high school building was added to the group.

(We have done our best to give the correct dates.)



Superintendent's Message

Dear Friends:

This year we celebrate the Golden Anniversary of our school; and as we look back over the years, we are deeply grateful in our hearts for the efforts of the pioneer settlers of this town. For it was they who laid the foundation of the educational system which we now have. A few of that noble group still live, work, walk our streets and bless our town. Among them are: Mr. Tilden Pryor, Mr. Lee Mallory, Mr. Roane Lovorn, Mr. and Mrs. Jim Boland, and Mr. Eugene Boland.

To them in a spirit of deep respect, we pay tribute and not only to them, but to every citizen who lives in this school district and to the memory of those who have gone. Thank God and you for a heritage unsurpassed, rich and noble. To all the teachers who have preceeded us, we are grateful to you and the superintendents of the past for the lessons in life which you have taught in the building of the citizenship of our town. Where ever you are, be happy in the knowledge of a task well done.

Parents, teachers and students, it is up to us to work, to go forward in faith, in an effort to hand to our posterity a noble heritage also. So, let us join hands and hearts through sincere prayer in an humble effort to call down from heaven continued blessings from the hand of an all powerful and eternal God.

Sincerely,

D. L. Harrison

Board Members

Gentlemen, without the backing, support, and guidance that has come from our past Board Members through these fifty years of service to mankind, our school today would not be here. Even though the members of this Board will continue to change, we, the students of C. C. H. S., will remember the favors that YOU have generously given. To you we say "Thank you!"

The Town of Calhoun City

As the town observes its Golden Anniversary, it congratulates the school upon its fifty years of service to the community, state and nation.

From within the walls of your great institution have come men and women of all professions, occupations and vocations, who have written their names high on the honored scroll of service to God and man.

You, Calhoun City School, and your kind have molded characters of such quality that today America stands among the Nations of the earth like the giant oak amid the storm.

Congratulations! and Gods Blessings.

CONGRATULATIONS

The Rotary Club of Calhoun City is justly proud of our school and the progress it has made during the past fifty years. You have kept pace with the changing times, and the years have seen you grow from a small frame school building to the modern institution you now are.

Realizing that the growth of our town has been only parallel to the growth of our school, we extend our thanks and appreciation to our most capable superintendent, his excellent staff of teachers and to the student body.

May God grant you and our town at least another fifty years of continued success.
